Dr. J. W. Lowber and wife, who have been carrying on a series of lectures in our city, returned to Hereford Wednesday where they will spend a few days and then make a trip down into New Mexico giving lectures along the way.

City Pharmacy Improves.

The management of that drug store over on the West side and known as the City Pharmacy believes in keeping abreast of the times and is always ready to make any improvements which will keep it near if not in the direct head of the procession. They have always had a beautiful drug store but this week they have added to its appearance by placing a beautiful plate glass show case of long length in the front portion of the jewelry department of their store, a show case which is as beautiful as will be found in any of the large cities and in addition they have installed a large wall case for the display of their larger pieces of silverware and cut glass, a case that enhances the already beautiful appearance of their goods.

Yes, it would be easy to go ahead and enumerate all kinds of drugs, medicines, stationery, toilet articles, books, combs, brushes, etc. But what's the use? It isn't just things you're after. You want quality, articles of merit, and things that are pure and wholesome. This is not a little dingy place. It's a drug store with lots of good goods for good people. It's a drug store of quality, and the best in the beginning is always the cheapest in the end. Business principles that are broad, honorable and fair to all, form the Keystone for a united friendship—so says the management of the City Pharmacy, on the West Side of the Square.

For cleaning and pressing call 223. Work called for and delivered.
